**Re: Addendum to the GGNRA's General Management Plan concerning
management of dog recreation in the GGNRA**

Dear Superintendent Joss:

Per our discussion on January 3, 2018, and our letter to you of the same date, enclosed please find a proposed addendum to the Golden Gate National Recreation Area's ("GGNRA") General Management Plan, as well as a proposed cover page for the addendum.

As we have discussed, Crissy Field Dog Group believes that an addendum is necessary to complete the administrative process announced in the National Park Service's December 27, 2017, Federal Register notice indicating that the Park Service had formally "canceled" the Dog Management Plan "planning process and terminated the associated [National Environmental Policy Act (NEPA)] and rulemaking processes." 82 Fed. Reg. 61,199 (Dec. 27, 2017). The addendum will finalize the Park Service's decision and ensure that the Park Service and the public have clarity regarding the rules governing management of dog recreation in the GGNRA.

We are happy to meet with you to discuss any concerns or questions you may have. We look forward to hearing from you soon.

Sincerely,

Martha Walters
